

August 29, 2026

Dear Stephanie,

Thank you so much for meeting with me the other afternoon. I deeply appreciated your warm reception, insightful comments, thoughtful questions, and your willingness to share the knowledge you've gained over the years about serving older adults.

I am so impressed by the outstanding work the Oceana Council on Aging is doing. I know you are very proud of what you're doing, and with good reason. What an exceptional resource you have created for the citizens of Oceana County.

While I don't want to overstep my welcome, I do hope that additional contacts will be possible. Among the many ideas I would like to pursue is bringing a group of folks from Mason County down to learn firsthand what you're doing, how you're structured to do your work, and to tour your remarkable facility.

While I listed contact information in the bio I passed along, for quick access, here are my contact details:

Thanks again for meeting with me!

Regards,

*Kim*
